CommunityWorx is excited to announce we are participating in the Chapel Hill Carrboro City Schools Service Learning Hours Program for high school students grades 9-12. Each student in the CHCCS is required to achieve 25 Service Learning hours in order to receive their diploma. Service Learning hours are defined as hours that provide a teaching/learning method that connects meaningful community service experiences with academic learning, personal growth and civic responsibility. In Service Learning, students learn and develop through active participation in thoughtfully organized service experiences that:

- Meet community and school needs
- Are coordinated in collaboration with the school and the community
- May be integrated into the curriculum
- Provide structured time for a student to think, talk and write about what he/she learns during the service activity
- Provide students with skills and knowledge in real life situations in their own communities
- Enhance what is taught in the school by extending student learning beyond the classroom
- Help foster the development of a sense of caring for others

CommunityWorx offers service learning experiences that meet the requirements above while offering life experiences that will complement the student's curriculum in high school as well as continuing education. Below is a list of assignments/tasks each volunteer will be expected to participate in when volunteering. Please review this list before signing up to volunteer at <https://letserve.com/>. Once you have followed the instructions given to you as a student including username and password, please locate CommunityWorx on the app and follow the agency. You will see various activities listed which you can volunteer for. Please contact Pat Richardson at 919-942-6565 directorcomrel@communityworxnc.org to review volunteer goals, hours and availability.
